Secretary: Ana H.

1. Motion to accept minutes as not read made by Linda R and Seconded by Shelley H from Freedom house. Passed unanimously.

Treasurer: Maggi G (see attached spread sheets)

Chair: Travis B

Welcome to all, and thank you for participating in the ASC business meeting. I would especially like to thank the GSR's, Alternate GSR's, and Subcommittee Chairpersons for attending and participating. As a GSR you have an important role in the service structure of Narcotics Anonymous, you are the conduit between this body, and the groups you represent. I highly recommend that GSR's get a copy of "A Guide to Local Service", and read it. It contains a lot of useful information on how the service structure works.

I do not have much to report on this month insofar as my duties as Chair of the ASC. I am grateful for the opportunity to be of service, and I would like to thank you for allowing me to do so. I believe that every problem has many possible solutions, and that our task is to find the one that is the most beneficial to Narcotics Anonymous, not our own will. I will continue to keep this in focus as I move forward in service.

As an ASC we have come a long way from where we were a couple years ago. It has been a wonderful process to be involved in, though it is taxing for all of us at times. I am personally grateful to the Subcommittee Chairpersons for doing the work that was put in front of them when they accepted their commitments, I know but a portion of the mess that was left to them, and I am impressed with the results. Thank you for your service.

Vice Chair: Mike R – no report

III. Phonline: David G (chair)

The phonline committee met Dec 13th. At that time we discussed the current phone service, which we consider to be unsatisfactory. Two months ago I appointed Vera K. to research other phone services that might better serve our needs while still fitting within our economic limits. She has done this and will be presenting her findings in her report. She will also be reporting on Tualatin Valley/Greater Willamette's phone service. We voted on and selected a new phone service based on Vera's recommendation. We are pleased with Vera's findings and grateful for all the time and effort she put into this. Thank you, Vera.

We currently have two open shifts, Fridays from 5pm to 2am and Saturdays from 5am to 1pm. If you are interested, have 90 days clean and a working phone and have the time available please come to the next phonline meeting at 4pm on January 24th at 3915 SE Steele. You need to go through an orientation. Our yearly orientation for all shift workers will be: 6:30 to 7:45pm December 29th and 1 to 3pm January 10th at Portland Public Library on the corner of SE 78th and Holgate.

We are also continuing to work on guideline changes and hope to present them at next month's area circus. We continue to work closely with PR and are enjoying coexisting with the other

This record has not yet been amended or accepted by a vote of the PASC fellowship subcommittees. We are hoping to work more closely with Outreach as we have been discovering that some meetings have folded or moved and we need to maintain more current meeting information from Outreach so that phonenumber does not send an addict to a meeting that is not there. We are looking forward to a fun and exciting New Year serving the Portland area.

IV. Public Relations: Vera K

Public Relations had another busy month. This month we were asked to attend a booth sitting event at David Douglas High School. We had to order some literature for the event at the last minute and we were able to get it overnight mailed thanks to Michael McD. We now have a pretty good stock pile of Literature for future events. The event was enjoyable and interesting, with the students having a scavenger hunt with questions about each booth represented. They asked the Narcotics Anonymous booth questions like: What is one of the 12th Steps? And what is the difference between NA and AA? I think they mostly liked to get free key tags from other countries with different languages. I think it was great positive exposure for Narcotics Anonymous, and Nathan (TVA) and I enjoyed it very much.

TVA has decided to stay with the metro and to create an 1800 Metro phonenumber number. So what this means is there is duplicating services for our Areas. This doesn't change how we do services. We must continue to try to work together with sharing information with TVA and GWVA so we can continue with our primary purpose, which is to help the suffering addict through our schedule and phonenumber. We also must try to remember that the public doesn't understand our own internal conflicts nor do they care - they just want our help. The fact is that their decision to not share services with the phonenumber and get their own 1800 number and to have their own schedule has the potential to confuse the community. I'm choosing to look for something positive in all of this. Our NA message is just more accessible. The only way that I see things changing, and to alleviate duplicating services, is for us to look for ways in our Area that we can work with the Metro and share the services. I think it's important to look at all sides now and practice the spiritual principles that NA teaches us. I choose to lead by example and choose not to be resentful and perpetuate the problem any further. I choose to move towards finding a positive solution if possible.

The current phonenumber service was down yet again twice this month. A few months ago I was appointed by the Phonenumber chairperson to look into a better system that would alleviate this issue. I have done a great deal of research and I found a company that would not only remove human error completely but it will save our Area a great deal of money. I presented the information to the Phonenumber subcommittee this past Sunday and the committee voted to change companies. The new system that I recommended will allow Phonenumber to better manage the volunteer shift workers by eliminating the volunteers from transferring the calls themselves. Our Area currently pays \$67 for the system we use now, and the new system will cost \$25 per month. Also we won't have to change our phone number either. I did some research and investigating and was in contact with the FCC. The FCC said all numbers by law are portable except for pager numbers. We will probably have to pay a one-time fee to Answernet but we will be able to keep our number. The Phonenumber number is now listed in the

Dex and so is Watershed Treatment Center. Please know I did try to have this removed but was not successful. I guess you can't win them all.

Our new web host Paula D. is working hard getting our web site updated. I'm personally asking everyone for their patience in regards to the web site. We are very sorry about any inconvenience with things not being updated but please know that we are in transition and we are very aware of the situation and we are working on it. Paula has asked for some help and will be receiving it - that will resolve some issues that she was having. The (AAAG) Activities at a Glance will be updated. We also voted to have a link to the Convention web page added to our website for the up-coming PNWCNA next year.

BA has been working on a PSA placement in the Willamette Week. The paper will run our PSA when there is an opening. He is also working on PSA's with other papers such as: Just Out, Portland Observer, and the Nickel Ads. A possible new member who joined the committee is interested in doing some media work with the colleges. We will keep everyone apprised of the happenings of the media. I will also be working with our flyers coordinator on developing training for flyer distribution.

The schedule is our Area's biggest expense and I think it is important to say that schedules are not free. Because NA has grown so much in recent years we have gone to a two page schedule, which means the price of the schedule was increased. We are kindly asking groups to keep this in mind when they are grabbing schedules. Please do not take more than you really need. Our Area may be forced at some point to have to charge for schedules, or they may be bundled up for each group.

I will be spending the next month or so assisting with the Audit of our mailings, checking in with the community to make sure that we are providing the information that they may want or need. Our goal is to perhaps go to an email system that would decrease the every other month cost for sending out our mailings, since most of the information is available on our web site. It's another \$30 to \$50 dollars that we can save our area.

Public Relations is looking into the possible idea of bringing back the news letter "Portland Reach". This would be a great way to promote unity with subcommittees, and to talk about the positive things that are going on in our Area. We are submitting a flyer to Area today to look for some people who might be interested in doing this. This would be a perfect thing for someone who is new to service and wants to be involved with a very fun and creative project. Please contact us if you might be interested.

In closing I would like to say thank you to everyone who has been supportive with Public Relations and Phonenumber this year. We know there have been a lot of changes, and with change there are growing pains. See you all next year and have a great holiday in whatever way you celebrate.

V. Literature: Carolyn

Financial: \$2184 in sales. Total in bank \$4858

This record has not yet been amended or accepted by a vote of the PASC fellowship

We are proposing a \$2000 donation to area and will discuss this and vote on it with the full committee next month. The financial audit is still in process and has been extremely confusing since we have had to deal with money being stolen from the bank, water damage, and deposits not being made in the correct amount. We will try to work this all out with the tax audit. We are drawing a line under what we have now and moving forward. We will have literature numbers for you next month.

VI. Outreach: Troy J

We held our meeting today and discussed our bylaws update and will be presenting them at next month's ASC so they can be sent back to the groups for ratification. We attended two business meetings last month; New Journey and Clean Freaks. We are happy to report that there are no problems at New Journey but unfortunately Clean Freaks is going to close its doors on December 30th. We are moving forward with what we were directed to do by the PASC.

Break

Meeting reopened with a moment of silence at 3:20pm.

RCM Report: Michael McD – no report

Alternate RCM Report: Steve

I would like to welcome the GSRs from The Dalles. I heard that over 30 people attended the activities subcommittee meeting this month and would like to remind everyone that we can always use new ideas. I did not attend any subcommittee meetings this month. I would also like to reiterate that regional activities is looking for a regional campout site that would hopefully be centrally located. Please let me know if you have any ideas.

Open Forum

1. Paula: Would like to begin the dialog about sponsorship for people who are incarcerated. There are many people on inside that would like a sponsor. If you are interested in working on this issue please fill out the signup sheet with your name, email and phone number or contact Paula D. You will be contacted with more information. This is just to get the ball rolling and there are still many issues to be worked out such as; how would we get information to the inmates? How is sponsorship in an incarcerated environment different? How do we deal with communication i.e. only access is collect calls?

Close the Meeting

Motion to close was made by Wes from Harold Street blues, seconded by Teresa from Southeast Serenity, motion passed and the meeting closed at 3:36 pm.

PASC Board of Directors Meeting

Date: December 21, 2009

Present: Travis B, Mike R, Ana H, David G, Maggi G, Linda S, Lawrence, Linda R, Troy J, Mike R, Vera K, Tana, Michael McD, Carolyn G-E

Meeting opened with a moment of silence and the serenity prayer at 12:00pm.

Subcommittee Check In:

I. Outreach:

II. Activities:

- a. Due to an accounting error, a sum \$2000 was given to Area that should have stayed in the activities account. The activities subcommittee is, therefore, requesting that the executive committee direct the Area treasurer to write activities a check for that sum. In order for activities to continue with its work the money needs to be returned. Maggi will be taking over as treasurer.
- b. A long discussion ensued about the state of affairs with activities. Concerns were raised about how this error occurred and how to avoid similar errors in the future. The subcommittee representatives expressed optimism about coming changes in leadership as well as frustration with how the subcommittee has been handling business. Changes have already started to take place such as setting the meeting up in a circle and they have seen a change in the tone of the meeting but change will take time. In addition, the issue of selecting people to leadership positions who have leadership qualities and skills was discussed, as well as the process by which to remove someone who is not fulfilling their duties. The subcommittee will be asking for service resumes from all who are interested in serving in a leadership position.
- c. Discussed how to go about returning the money.
- d. **Decision: 1) explain the error to the ASC and state that the executive committee directed the treasure to write a check to activities for \$2000; 2) request a vote of confidence.**

III. PR:

- a. Voted to combine with phonline. Our current phone system does not function well. Vera researched other options and found a different company with equal cost. She will move forward with changing to a new system.
- b. PR is requesting assistance from the board of directors about how to address the problem of not having a way to track Portland area meetings which results in sending people who call phonline to meetings that are no longer in service. The problem is validity of the schedule and we cannot remove a meeting from the schedule until we have verification that the meeting is not there. This affects the whole fellowship and it is imperative that we have accurate and up to date information.
 - i. The task of meeting follow up will no longer be under the purview of the Outreach Subcommittee
 1. Need copy of new outreach bylaws

This record has not yet been amended or accepted by a vote of the PASC fellowship

- ii. Set up an Ad hoc committee to develop short and long term solutions to verify meeting information (volunteers to check on meeting locations, data log)
 - a. Report to Travis
 - b. Ana will send Excel spreadsheets to Vera

IV. Literature:

- a. This year has been very chaotic with changes in positions and bank account issues and because of this the literature bank account has still not been reconciled. We are asking for leniency from this body as we continue to move forward to complete our inventory and accounting tasks. We hope to have this completed by the end of the year.
- b. The executive body will perform an audit once we have all the records in hand. Literature is directed to bring all the correct accounting information to next month's ASC.

V. H&I: No issues

VI. Phonline:

- a. Voted to merge with PR
- b. Issue of sending addicts to meeting that don't exist or are not there – see discussion above under PR.

Subcommittee motions: none

Quarterly BOD meetings: need to amend bylaws so that we are no longer meeting at the same time and in the same room as GSR orientation. Have three months to come up with a motion.

Admin committee meeting: discussion of whether or not to continue to meet informally prior to ASC. Most were in favor of continuing to meet. However, some feel that more meetings don't make us more productive and that this is generally a waste of time. If we do continue than they need to be more focused and solutions oriented. If these meetings are not going to be listed so that everyone can have access than Ana does not feel comfortable participating in them.

Motion to close made by David seconded by Michael McD, closed at 2pm.

This record has not yet been amended or accepted by a vote of the PASC fellowship
